

CASIO presents new Privia and CELVIANO digital pianos

The new Privia PX-870, Privia PX-770 and CELVIANO AP-270

Norderstedt, August 1st 2017. Today, [CASIO](http://www.casio.com) is pleased to announce the addition of three new models to its well-known CELVIANO and Privia digital piano lines. Fortifying its place as a leader in the electronic musical instrument industry, CASIO's Celviano AP-270, as well as the Privia PX-770 and PX-870 offer a number of new features that will appeal to a variety of users, from beginners to advanced musicians.

CASIO's new digital pianos boast a redesigned cabinet with all of the controls located on the side panel. The new models are equipped with a 88-key Tri-Sensor Scaled Hammer Action Keyboard II with simulated ebony and ivory textured keys to reproduce the touch feeling of an acoustic piano while the weighted, scaled hammer action keyboard provides the depth and integrity of an acoustic piano.

In addition, the AP-270 features two different concert grand piano tones with damper resonance and 22 tones in total; and the PX-770 and PX-870 feature an improved stereo grand piano tone with damper resonance and 19 tones in total. The AP-270 is equipped with 192 polyphony, the PX-770 has 128 note polyphony, while the PX-870 is outfitted with 256-note polyphony, a new Sound Projection Speaker System and Volume Sync EQ, Headphone mode and USB audio recording. These three models also offer Concert Play with 10 songs, three pedals, USB MIDI and two-track recording. In September, the AP-270, PX-770 and the PX-870 will all be available at select music dealers.
